---

*Message from the owners:*

It is hard to believe how far we have come since our little idea of creating the world's best eco-friendly cloth handlebar tape! The past few years have been an exciting ride! We've enjoyed having the opportunity to work and speak to so many of our loyal customers all over the world. For that, we thank you!

With the improvement of our product line, Green Grips is available in a rainbow of 26 colors in Eco-Friendly, Heavyweight and Organic cloth tapes. That's 78 different product and color variations!

Whether you are browsing our online store, a bike shop looking to improve your shelf space, or a distributor looking for distribution opportunities, we look forward to working with you!

We hope we have the chance to meet and speak personally with you as we grow the family of Green Grips customers.

Thanks again for your continued support!
